The crisis demands that the South should take a firm stand in defence of her rights. I have always been a Union man. I yield to no man in devotion to this glorious Union, and I desire to see it preserved and perpetuated to all time. After the enjoyment of civil and religious liberty, there is no object more desirable to me than the preservation of the Union. But the best and surest means, in my humble opinion, to preserve and perpetuate the Union, is for the South to take a firm and decided stand

They are gentlemen of elevated patriotism, and are ardently attached to the Union.

I hope that wise and salutary counsels may prevail, and that this distracting question may at once be
